

BG Unfallklinik Murnau with 596 beds is a maximum-care hospital and one of the largest supraregional trauma centers in Germany that treats and supports patients from initial treatment at the scene of the accident until successful social and vocational reintegration. In accordance with the doctrine of the statutory accident insurance „using all appropriate means“, patients receive holistic medical treatment at the highest standards. About 2.300 employees treat almost 45.000 patients each year. For more information, please visit our website:

www.bgu-murnau.de

BG Unfallklinik Murnau is one of the largest hospital groups in Germany (www.bg-kliniken.de) with nine acute care clinics, two clinics for occupational diseases, and two trauma treatment centers.

For an initial period until December 31, 2023.

You oversee in particular the project „ParaMove“. „ParaMove“ is a joint project between „Paracelsus Medizinischen Privatuniversität Salzburg“ and „BG Unfallklinik Murnau“. The project's objective is to implement promising pre-clinical and clinical findings to clinical studies and the treatment of patients with paraplegia. At the same time, the project will develop new innovative treatment concepts.

Responsibilities:

- Project execution and coordination
- Responsible for scientific-clinical course of investigation regarding issues identified with paraplegia
- Creating and managing a team
- Designing clinical trials and drafting scientific papers
- Provide scientific support to all „BG Kliniken“, „BG Unfallklinik Murnau“, as well as „Paracelsus Medizinischen Privatuniversität“
- Acquisition of external funding

Qualifications:

- A doctorate degree in science, therapy, or medicine is required
- Experience with scientific projects is preferred
- Willing to collaborate with interdisciplinary- and interprofessional groups
- Experience in team management combined with respectful attitude and communication is preferred
- Organizational skills, reliability, as well as high intrinsic motivation complete your personal profile

We offer:

- A modern scientific work environment with diversified activities in a constantly expanding clinic with excellent infrastructure and equipment
- Access to a wide international network of experts and science
- Diverse possibilities for personal and professional development
- Balance between family and work life by means of clinic's own daycare with extended day care hours and child care during holidays.
- Salary according to tarif of TV-BG Kliniken, as well as additional social benefits, employee discounts within the region....and so much more!

For more detailed information about the position, please contact Dr. Doris Maier, Chief Physician and Department for Spinal Cord Injuries, Telephone: +49- (0)8841-482510.

BG Unfallklinik welcomes applications from persons with disabilities.

Please submit your application to Personalabteilung of BG Unfallklinik Murnau, Prof.-Küntscher-Str. 8, 82418 Murnau or via email to personalabteilung@bgu-murnau.de or via career portal www.bgu-murnau.de.

We are looking forward to meeting you!
