## Training course on neurological examination according to ISNCSCI/ASIA in VIENNA on April 11/12, 2024

Dear EMSCI colleagues,

the consistent level of knowledge of ISNCSCI examiners is a basic requirement for the valid data collection in our multi-center project. By offering regular interdisciplinary ISNCSCI/ASIA training courses, we significantly increase the data quality within the EMSCI project. Therefore, we are offering a two-day ISNCSCI training first time in a new location - at the AUVA center in Wien. Our former colleague and training instructor PD Dr. Steffen Franz is now head of the department Spinal Cord Injury in Vienna. This is why we are holding the training at this location for the first time. The focus of the training is on deepening your practical and theoretical knowledge of the application of the ISNCSCI protocol.

**Please register by March 28, 2024 by email:**

## April 12, 2024

8:00 a.m	Bus departure from AUVA-Traumazentrum Wien Standort Meidling Kundratstraße 37 1120 Wien to AUVA Rehabilitationszentrum Weißer Hof
9:00 a.m	ISNCSCI examination on patient, group assignment
9:30 a.m	Patient examination
11:30 a.m	Discussion/questions
12:00 p.m	Lunch
1:00 p.m	Theory of ISNCSCI classification
1:30 p.m	Evaluation of patient examinations
3:00 p.m	Coffee break
3:30 p.m	ISNCSCI classification - difficult cases
5:00 p.m	ISNCSCI Post-Test
5:30 p.m	End of workshop and return by bus to AUVA-Traumazentrum Wien Standort Meidling or if this is desired by a lot of the participants to the Airport (travelling time between 1.5 and 1.75 hours!)

To enable as many centers as possible to participate, registration is limited to 2 people per center. For participants from active EMSCI centers in Europe (see below), EMSCI will cover 50% of the travel costs (max. public transport fare 2nd class) and 1 night of accommodation (max. 100€ per night) for a maximum of 2 people per active center. **Participants from passive and external centers must cover their own travel and hotel costs and pay a course fee of 400€ in advance.**

Hotel and travel costs for participants from active centers in Europe will be reimbursed by René Koller, Zurich, [rene.koller@balgrist.ch](mailto:rene.koller@balgrist.ch). Please submit your receipts, 2nd class train or flight tickets, and hotel bill to Mr. Koller after the course.

### **Hotel**

We recommend the following hotel. It is within walking distance to the AUVA center of Vienna Meidling

Holiday Inn - Vienna - South, an IHG Hotel, Wien:

<https://www.booking.com/hotel/at/holiday-inn-vienna-south.de.html>

Of course, you will receive a certificate of attendance after completing the course. We look forward to an interesting training and hope to see you in Wien!

Sincerely,

- Prof. Dr. Dipl. Ing. Rüdiger Rupp  
Head of Experimental Neurorehabilitation/Paraplegiology
- Prim. Priv.-Doz. Dr. med Steffen Franz  
Head of Department Spinal Cord Injury | Vice Medical Director  
Allgemeine Unfallversicherungsanstalt (AUVA)/Rehabilitation Center Weisser Hof
- Christian Schuld  
Dipl. Ing. Medical Informatics
- Laura Heutehaus  
Physiotherapist, M.Sc. Clinical Research & Translational Medicine
- Annette Langpape MTA
